

OBJECTIVE

To teach students about energy efficiency and conservation. More specifically, to give youth a better awareness of how they use energy and empowering them to take measures to use energy wisely both at home and school.

OVERVIEW

K-12th grade classrooms and youth groups throughout Alaska are invited to participate in the 2021 Power Pledge Challenge (PPC) from September 2021 through March 2022. Participating classes/groups have the opportunity to complete monthly and year-long challenges related to energy efficiency and conservation. By completing monthly challenges, classrooms will be entered into monthly drawings for prizes. Year-long challenge points will be added up to determine the regional and statewide prizes to be announced in April. **The more challenges you complete, the higher chance your class/group has at winning prizes!**

Provided by Power Pledge Partners	Role of Participating Educator
1) In-person or virtual outreach from clean energy experts on various energy efficiency and conservation topics 2) Electricity monitors mailed to you upon request 3) Prizes for the challenge winners!	1) Sign up for the Challenge here 2) Encourage students to complete the online pledge 3) Schedule a presentation from a partner 4) Bonus points if you integrate monthly and year-long challenges into your classroom/group

BENEFITS OF THE POWER PLEDGE CHALLENGE

- Improve students' energy literacy
- Activities are aligned with Alaska Cultural and Content Standards and Next Generation Science Standards
- Introduction to free energy education curriculum from AKEnergySmart.org
- **Monthly Prizes:** For each monthly challenge completed, classrooms will be entered into a monthly drawing for a chance to win \$100 in prizes plus REAP and utility promotional items.
- **Regional and State Prizes:** For every challenge completed, classrooms will accumulate points towards prizes awarded in April for the top seven regional and top statewide classrooms/groups.

Learn more about the challenges and explore other clean energy curriculum at our website [here](#).

[Sign up for the Challenge](#) and a partner will contact you to schedule a presentation (or you may contact them):

- Southeast: Clay Good, cgood@realaska.org or 907-723-6502
- Bering Strait & Lower Kuskokwim: Tyler Katzmar, tkatzmar@realaska.org or 907-313-4728, ext.5
- All others: Colleen Fisk, education@realaska.org or 907.891.9608
