## Renewable Energy - Village Energy Efficiency Program (RE-VEEP)

### Grant Application - Part B

1. Name of Applicant/Grantee:	
2. Name of Community:	
3. Current population of community as listed in the Department of Commerce,Community, and Economic Development community database:	
4. Cost per gallon (heating fuel):	
5. Cost per kWh before *Power Cost Equalization (PCE):	
6. If cash or in-kind support will be provided to the project by the community, please describe the types (labor, storage, lodging, other) and the extent to which they will be provided.	
7. Has the community been a recipient of Energy Efficiency Projects such as VEEP, RACEE, START, Department of Energy funding in the last 5 years? If so, please indicate which program(s) or project(s).	

\*If the community is NOT a PCE community, please include documentation showing electric rate information.

8. Does your community currently have an active or planned energy efficiency or renewable energy program or project (regardless of funding source) that may complement or enhance this project? If yes, please describe:

9. Please describe how the community is ready and committed to coordinating, planning, and carrying out this project or how the community is ready and committed to coordinating, planning, and working with an energy service contractor to carry out the project.

10. Please describe the anticipated energy savings or generation potential of your project, including what measures will generate the savings and the logic on which your estimated savings is based.

<p>11. Which buildings or facilities will receive audits and retrofits under this project? Attach additional pages if necessary.</p>		
<b>Name of Building or Facility to Receive Energy Efficiency Upgrades</b>	<b>Street Address/ Specific Location</b>	<b>Use or Purpose of Building or Facility</b>
<p>12. Please describe your project's anticipated environmental benefits, such as reduced greenhouse gas emissions or resource conservation.</p>		
<p> </p>		
<p>13. Identify the personnel or contractor(s) who will do work under the grant and briefly describe how they are qualified to do the work.</p>		
<p> </p>		

14. Please provide a project timeline including submission of a work plan to AEA, when work will commence, and when work will be completed.

Task	Start Date	End Date	Deliverables

15a. Please describe the applicant's administrative capacity for this project, including examples of past successful projects managed.

15b. Do you certify that the applicant has successfully managed projects of comparable size and complexity to this project and that the applicant has the current capacity to successfully manage this Project?

YES       NO

16. Please describe the point of manufacture for any products that will need to be purchased with the funds to determine if they comply with the [Buy America Build America](#) Act.

**Renewable Energy - Village Energy Efficiency Program (RE-VEEP)**  
**Grant Application - Budget Form**

Name of Applicant/Grantee: \_\_\_\_\_

Name of Community: \_\_\_\_\_

**Table A: Full Project Budget**

Line	Funding Source	Budgeted Amount
1.	RE-VEEP funds requested	\$
2.	Funding from other sources (i.e., cash or in-kind contributions, other grants)	\$
3.	Estimated total project cost	\$

Identify other sources from line 2., and whether sources are confirmed or pending:

**Table B: RE - VEEP Funding Breakdown**

Please budget how the RE-VEEP funding and funding from other sources (Table A above) will be applied between the following categories:

Expense Categories	RE-VEEP Funds	Funding from other sources (optional)	Total
Personnel	\$	\$	\$
Indirect	\$	\$	\$
Travel	\$	\$	\$
Materials &Supplies	\$	\$	\$
Equipment	\$	\$	\$
Contractual	\$	\$	\$
Total	\$	\$	\$

**Budget Narrative**

Please briefly describe the use of RE-VEEP funds, as categorized above.
